

What is RFL?

Much more than a walk around a track, Relay is a time to celebrate those who have battled cancer, remember those lost and get inspired to fight back. Those who have shared the same experience find common ground, hope and healing at Relay. By participating, you have the power to continue the American Cancer Society's progress toward a future where cancer doesn't take the lives of our friends and family.

Every dollar raised makes a difference to people in your community whose lives are touched by cancer. The Society has contributed to almost every major discovery in cancer research. Millions of lives have been saved as a result, including people you may know. For those people and countless others, the research the Society has funded is resulting in better ways to prevent, detect, and treat cancer.

A cancer survivor's recovery involves much more than medical treatments - it takes hope to heal. By participating in the American Cancer Society Relay For Life® and events which proceed RFL, those touched by cancer can feel empowered to fight back against this disease. Help Carter County's fight by participating in this 5K and make a difference.

The American Cancer Society Relay For Life of Carter County will be held at the Shriners Horse Show Park in Olive Hill, Kentucky on June 18th. For more information about how to be involved with the Relay For Life please contact Andee Adams at 316-5780
